OMLA Regional Conference

Shake, Rattle & Roll: Motivating, Managing & Understanding the Middle School Student

Featuring
**KIM
CAMPBELL**

Kim Campbell crosses the country energizing educational professionals as a dynamic presenter and self-proclaimed "Proud Middle School Teacher." Building on the lessons learned and techniques developed as a middle level social studies teacher since 1991, Kim is in national demand as a keynote speaker, workshop facilitator and consultant for the Association of Middle Level Educators, Staff Development for Educators and the Jack Berckemeyer Consulting Group.

Event Description:

Motivating, managing and understanding middle school students can be a challenging experience.

Please join me as we learn practical strategies and techniques to engage our middle school students, manage the madness that presents itself every day and begin to learn how the brain works for our adolescent students. Participants will leave the workshop with practical ideas they can implement tomorrow...everything from engagement strategies, brain boosters, management techniques and also remembering why we love middle school students. Dress comfortably because we're going to have fun while we learn!
